25 October, 2011

Surfing Taranaki is now taking applications from competitive Taranaki Surfers of any age who would like to participate in the third annual **Surfing Australia HPC surf coaching course in Taranaki, New Zealand.**

"The Surfing Australia HPC courses will take your surfing to the next level with the world's best programs and coaches"

In the past, talented NZ surfers have had to fly to Australia to participate in the above programmes. But not anymore!

With the help of The Southern Trust, Surfing Taranaki have secured three two-day coaching courses, using one of the world's best surf programmes, delivered by Surfing Australia's head coach Gary Cruickshank. The courses will be based at Fitzroy Beach (and NPSRC clubrooms) December 10&11, 12&13, 14&15.

The coaching course will be targeting competitive surfers and focusing on:

- Technique
- Wave usage
- How to surf to judging criteria
- Competition preparation and strategies
- Fitness testing and stretching
- Wave selection, time management, psychological approach and competition analysis

This course is being delivered by Surfing Australia at a discounted rate of approx. \$400 per surfer. Surfing Taranaki will be substantially subsidising this fee for successful applicants who reside in Taranaki, therefore the participant contribution for them will be \$100 only. Note: This fee will be partly reimbursed via Surfing Taranaki assistance for those competing in the 2012 Nationals in Piha (subject to funds available time).

So, if you are a **competitive surfer** and wish to apply to secure one of the limited spots in this course then you must fill in the form below and either email or post it back to Surfing Taranaki.

Applications close on Friday 25th of November and successful applicants will be notified soon after. If all 36 spaces are not taken up by suitable candidates from Taranaki, the remainder of the places will be made available to competitive surfers from outside of the region, priority going to girls/women planning on participating in the New Zealand Women's Open (Taranaki 2012) and then boys/men who are going to enter the Taranaki Air Show (April 2012).

Please contact me if you require any further information.

Yours faithfully,

Craig Williamson
